MISHA MAHENUR ALAM

Dhaka, Bangladesh | 01891995265 | mishaalam832@gmail.com | https://misha-portfolio-site.vercel.app
https://github.com/misha832-ux | https://www.linkedin.com/in/mishamahenuralam/

PROFESSIONAL SUMMARY

Passionate about web development, designing web solutions and solving problems. Experienced in developing full stack projects and peer reviewed research published in the ACM COMPASS 2026 proceedings. Eager to contribute to the real world software development projects.

EDUCATION

B.Sc. in Computer Science and Engineering | BRAC University | CGPA: 3.76 / 4.00

TECHNICAL SKILLS

Programming Languages: Python, Java, C, JavaScript, TypeScript

Frontend: React, Next.js, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, Mongoose, Prisma, Neon, Drizzle ORM, Supabase

Auth & Validation: BetterAuth, Zod

Tools & Platforms: Git, GitHub, Postman, Figma, Linux, LaTeX, Render, Vercel

PROJECTS

NoboJatra | Next.js, TypeScript, MongoDB, React-Leaflet

https://nobojatra.onrender.com

- Collaborated on a smart Dhaka focused trip planning and ride hailing fare comparison platform.
- The web app combines route intelligence, live traffic integration, map visualization and trip history which helps users to make faster travel decisions.

Verse4u | Next.js, BetterAuth, Neon, Drizzle ORM

https://verse4u.vercel.app

- Browsing Quranic verses organized by how you feel – Happy, Sad, Confused, Tired, Angry, Patience, Gratitude, Fear & Anxiety and Hope.
- Users can sign in, browse verses by category, bookmark favourites, copy verses and share and can suggest new verses for an admin to review and approve.

Study Buddy | React, Node.js, MongoDB

https://study-buddy-pqwb.onrender.com

- Collaborated on a MERN-stack study management and productivity platform helping students to organize tasks, reduce missed deadlines, collaborate with classmates, improve focus and time management.

AI-Assisted Writing Research Tool | React, Node.js, MongoDB

https://p2-diin.onrender.com

- Built a full stack research platform for a comparative UX study how people write with and without AI assistance.
- Fixed critical bugs in form validation and copy paste blocking logic.

RESEARCH EXPERIENCE

A Study of Usability and Accessibility of Private and Public Hospital Websites in Bangladesh

- Co-conducted a mixed methods HCI study analyzing usability and accessibility across public and private hospital websites in Bangladesh, combining a 65 participant survey with 12 in-depth interviews.
- Published in ACM COMPASS ’26 proceedings following peer review, available in the ACM Digital Library (DOI: https://doi.org/10.1145/3811242.3827560).
